

# ZANUSSI COOKER HOODS IMPORTANT SAFETY NOTICE

Our quality control programme has identified in certain circumstances there is a slight risk of an electric shock whilst using the appliance, on a limited number of Zanussi Cooker Hoods, Model Number ZHC60136X.

The Model (ZHC60136X), Product Number (942122680) and Serial Number range (from 32100001 to 34299999) of the Cooker Hood are located on the rating plate, which can be found on the left hand side of the inner wall, behind the metal grease filters. **Please ensure you isolate the Cooker Hood from the electricity supply by switching off the power supply to the Cooker Hood.**

If your details match the Model, Product Number and are within the Serial Number range, your Cooker Hood may be an affected model and require repair by one of our technicians. This is isolated to one specific product within the Zanussi range of Cooker Hoods manufactured between week commencing 20<sup>th</sup> May 2013 to week ending 20<sup>th</sup> October 2013 inclusive.

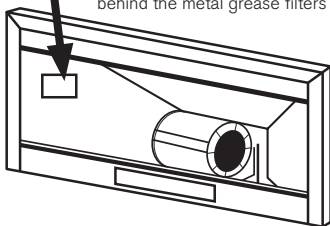

**Products manufactured before and after this date range are outside of the serial range production and are not affected.**

| Brand   | Model Number | Product Number | Serial Range              |
|---------|--------------|----------------|---------------------------|
| Zanussi | ZHC60136X    | 942122680      | From 32100001 to 34299999 |

MOD. XXXXX  
PROD. NO. XXXXX  
TYPE XXXXX  
SERIAL NO. XXXXX

Left hand side of the inner wall,  
behind the metal grease filters

Customers owning this Cooker Hood should contact our Helpline on **0800 707 6258** between 8.00am – 6.00pm Monday to Friday, or between 9.00am - 5.00pm Saturday and Sunday.

**Please note: If your appliance is one of the affected models, you must contact our Call Centre on the number above.**

**This safety notice does not affect any other Zanussi appliance.**

We apologise for any inconvenience this may cause and thank you for your cooperation.
